

**Green Expo Workshops**  
**Saturday, April 24, 2010 – 11:00 a.m. to 4:00 p.m.**  
**Western Wisconsin's Lunda Center**  
**319 7<sup>th</sup> Street North, La Crosse WI 54601**

<b>Time</b>	<b>Room</b>	<b>Workshop Topics</b>
11:30 a.m.	8	<p><b>Net Zero Energy</b>            Will discuss ways of achieving net zero energy for buildings in the midwest. Is it practical?  <i>Presenter: Jim Poehling, JMP Associates</i></p>
11:30 a.m.	C-101	<p><b>"Free &amp; Green" Bicycle Commuting</b>            NO! You don't have to wear Spandex to bike to work! In this workshop you will learn about the benefits of bicycle commuting and how it can help you, your wallet and the planet. Learn some of the tips and tricks from an experienced year-round bicycle commuter from right here in the Driftless Region!  <i>Presenter: Tim Keneipp, Driftless Region Bicycle Coalition</i></p>
12:30 p.m.	8	<p><b>Geothermal Heating</b>            What is geothermal? How does it work? Will discuss the different kinds of loop fields; how much money will it save; how efficient; and how green technology can work for you.  <i>Presenters: Mark Schneider and Dave Mulder, Schneider Heating &amp; Air Conditioning</i></p>
12:30 p.m.	C-101	<p><b>How You Can Save Energy (and Money) in Your Home</b>            Focus on Energy will share energy saving tips and simple changes that you can make to help lower your utility bills. We work with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects.  <i>Presenter: Lisa Fox, Focus on Energy</i></p>
1:30 p.m.	8	<p><b>Compressed Natural Gas (CNG) Car</b>            Compressed Natural Gas (CNG) vehicles are benefiting 10 million drivers in the world! Is it time for you to find out about this low cost, eco-friendly, abundant, American fuel for your vehicle? Come prepared to be surprised and with questions because the Hybrid Guru doesn't just talk the talk - he walks the talk.  <i>Presenter: Chris Schneider, Honda Motorwërks</i></p>
1:30 p.m.	C-101	<p><b>Existing Home Energy Efficiency</b>            Come learn about existing home energy efficiency beyond turning down the thermostat, CFL's and caulking windows.  <i>Presenters: Eric Skinner &amp; Karl Oldenburg, Renewal Home Energy</i></p>
2:30 p.m.	8	<p><b>Practical Solar Power</b>            Is solar power right for me? How does it work? Will it work at my house? What does it cost? Will it save me money? How can it reduce my carbon footprint?  <i>Presenter: Michael Dearing, Driftless Solar</i></p>
2:30 p.m.	C-101	<p><b>Whole Trees Architecture</b>            Learn about whole tree architecture and how we use young unmilled forest trimmings to produce sustainable timber frame structure.  <i>Presenter: Della Hamsmann, Whole Trees Architecture</i></p>
