

What's GREEN about the Jaycees?

- The Jaycees coordinate Neighbor's Day in La Crosse every spring. Volunteers help clean the yards and outside of homes for the elderly and disabled. Yard waste is recycled by the City into mulch.
- The Jaycees recycle aluminum cans in their meeting hall.
- Can recycling bins are labeled and distributed around Riverfest by Jaycees members.
- The Jaycees assist with Habitat for Humanity projects, which include green building techniques and Energy Star appliances.
- Jaycees members often support local businesses during projects and social events.
