

The Mississippi Valley Conservancy's mission is to conserve native and working landscapes that enrich our communities through private, voluntary action, for the health and well being of current and future generations. Mississippi Valley Conservancy is a regional, non-profit land trust based in La Crosse that has permanently conserved over 11,000 acres of blufflands, prairies, wetlands and streams in the Region since its founding in 1997. MVC works with private landowners and local communities on voluntary conservation projects in seven counties along the Mississippi River.

The counties include Buffalo, Trempealeau, La Crosse, Monroe, Vernon, Crawford and Grant County. The work of MVC offers the community a place for environmental education, outdoor recreation, biodiversity and overall scenic beauty.
