

Green is our nature...

 *Three Rivers
Waldorf School*

Learning Green

- Environmental appreciation begins in preschool and is fully integrated in grades 1-8 curriculum.
- Class trips to pumpkin patches, apple orchards, Amish maple syrup farms, local/state/national parks.
- Use of natural materials and wooden furniture in the classrooms. Natural products in school store.
- Classroom participation with community gardening and relationships with local cooperatives.

Living Green

- Wholesome, nutritious hot lunches with emphasis on local sources and organics.
- Use of eco-friendly janitorial products, low VOC paints, washable (not disposable) products.
- Playground rejuvenation with new trees, organic gardens and natural soil amendments.
- Rain garden design and construction in partnership with UW Extension.
- Grantwriting for energy conservation, weatherizing projects.
- Recycling, reusing and repurposing of materials for classroom and facility projects.
