Robert Hurt has been engaged in the art of landscape photography for more than 40 years. His strong love for the land along with his architectural background have captivated his creative spirit and inspired him to skillfully record the beauty of special places. Captured on film and digitally, Bob's photo collection centers on the natural environment and rural landscapes as well as some of the more unique and intriguing aspects of the built environment.

The photographic collection covers much of North America as well as locations in Europe, Asia and South America. Over the past 15 years Bob has taken to the air to capture artistic aerial landscape images of locations such as the Upper Mississippi River; Blufflands landscapes of Wisconsin, Minnesota and Iowa; Boundary Waters Canoe Area; North Shore of Lake Superior; Minnesota State Parks; the Florida Keys; Vermont, and Hawaii. The photo collection continues to grow and become more varied as more regional & national photographic contracts are completed. A wide selection of Photographic Services are provided including: Stock Photography, Custom Assignment Photography, Fine Art Photographic Prints, Digital Darkroom Imaging, and Multi Media Slide Presentations.
